Dear Parent(s) / Carer(s)

School Based Immunisation Catch Up on 24th May – Years 9 and 10

I am writing to advise of a school based immunisation catch up session on 24th May from 09:30 for Diphtheria, Tetanus and Polio Vaccination and the Meningitis ACWY Vaccination to any Year 9 and Year 10 student who missed this opportunity during the immunisation programme earlier in the year.

I would be grateful if you could print off the attached form, complete and hand in to the school for the attention of Andrea Turner in the main office. I will then ensure that the completed form is handed to the school nurses to collect and review in readiness for the immunisation on 24th May.

Please do not hesitate in contacting me if you have any questions.

Yours faithfully

Andrea Turner
Pastoral Secretary
