Dear Parents/Carers,

Parents often ask the School's advice on supporting their children's education.

The Exemplar Maths & English programme provides parents with a home-based complement to their children's schoolwork.

Having reviewed the support on offer, your school has agreed to distribute the enclosed information to give you the opportunity to find out more, as it may be of interest to you and of benefit to your children.

Although the School does not actively endorse the service, they do feel you might like to know it's available so you can decide if you would like further information.

I would appreciate it if you would return the reply slip to your child's class teacher, ideally **no later than Thursday** morning of this week, but otherwise as soon as possible.

Yours faithfully,

Mr S O'Hara
Programme Director

PS. Please return the reply slip, whether or not you are interested, so that the School is aware you have seen the leaflet.

Designed to Help Both Children and Parents

Are you concerned about being able to help your children with school and homework? Don't want to confuse them or complicate things?

We understand and solve this by providing comprehensive online tutorial assistance and lessons.

You and your family are fully supported by a dedicated free Teacher Hotline for any maths and English questions, including homework.

This eases the burden on you, as parents, in not having to be a Maths or English expert. Plus you are able to get instant feedback on their individual progress.

Increased confidence through improved competence

CONFIDENCE

Our unique assessment process identifies your child's current level of ability and builds a programme starting from their current level. This is carefully structured to ensure early success, building your child's confidence from the start.

CONTENT

With over 2,000 lessons and over 6 million questions, Exemplar has the content to ensure they get what they need to build confidence and success.

CONVENIENCE

Working at home and at their own pace, without peer pressure or embarrassment, each child has the comfort and security of working with you to improve their skills and confidence in class.

- ✓ Powerful diagnostic assessment identifies each child's strengths and weaknesses
- ✓ Individual courses recognise that each child's abilities are different
- ✓ Accurate starting point ensures early success which immediately builds confidence
- ✓ Daily access to the Teacher Hotline ensures no question goes unanswered
- ✓ One cost for the whole family, not per child – a truly affordable alternative

PLEASE RETURN THIS REPLY SLIP TO YOUR SCHOOL TOMORROW OR AS SOON AS POSSIBLE
The information will only be used by ExemplarEducation and parent companies.

I AM interested in further information

“ *I never wanted to be picked by the teacher to answer a question, because I was simply afraid of being embarrassed in front of the class. Now I want to be picked because I do know the answer.* **”**
Catherine T. Westmead

Extra Support in Maths, English & Reading for ages 5-16

WHY HAVE I GOT THIS LEAFLET?

Because your school feels that this may be of benefit if you and your family are considering some form of additional support at home

WHAT DO I NEED TO DO?

Complete both sides of the reply slip and return to school as soon as possible, to let us know if you would like more information or not.
